Recommendations

The College Library aims to provide all works necessary for Part One courses, and a selection of the most important works for Part Two. We receive reading lists from the departmental libraries in advance of each academic year, and continually update the Library collections in response to requests from Directors of Studies, supervisors, and students. If texts you require for your course are not available in the College Library, please talk to a member of Library staff. Recommendation cards for new purchases are located at the Issue Desk, and all reasonable requests will be considered.
