3. *Electronic Resources*

The Library Gateway provides a complete guide to electronic resources available across the University:

www.lib.cam.ac.uk/eresources/index.php

Select 'Clinical Veterinary Medicine' from the drop-down menu. Key resources include:

Animal behavior abstracts

Biological Sciences

EMBASE

MEDLINE

ScienceDirect

Scopus

The departmental library's website also lists relevant online resources:

www.vet.cam.ac.uk/inform/library/electronic

Note: A Raven password is required for access off-campus.

Recommendations

The College Library aims to provide all works necessary for Part One courses, and a selection of the most important works required for Part Two. We receive reading lists from the departmental libraries in advance of each academic year, and continually update the Library collections in response to requests from Directors of Studies, supervisors, and students. If texts you require for your course are not available in the College Library, please talk to a member of Library staff. Recommendation cards for new purchases can be found at the Issue Desk, and all reasonable requests will be considered.

Help

If you have any difficulty in tracing the material you need, whether in printed or electronic format, please ask a member of Library staff for assistance.
