

Extract from Standing Orders of the College concerning marriages in the Chapel.

1. Marriages in Chapel

- (a) The use of the Chapel for a marriage or blessing [which includes renewal of vows] may be granted by the Dean of Chapel and shall be reported to the Council.
- (b) Consent shall normally be given to members of the College in residence, to full-time College staff, and to the children of Fellows. Members of the College who have been out of residence for more than five years will not normally be granted the use of the Chapel, other than in exceptional circumstances and with the agreement of the Dean. In order to avoid disturbance in College during the examination period, consent will not normally be given for the penultimate Saturday or Sunday of Easter Full Term.
- (c) Unless the Dean decides otherwise in a particular case, consent to the use of the Chapel for a marriage or blessing shall not imply an offer of the services of the Choir or the Director of Music or Organ Students, or of facilities for a reception in College in connection with the marriage or blessing. Such services and facilities shall be matters for further arrangement.
- (d) The officiant at a marriage or blessing in the Chapel shall be the Dean or a person authorised by the Dean.
- (e) No fee shall be charged for the use of the Chapel for the marriage of a member of the College in residence or a full-time member of the College staff. In other cases a fee shall be charged as specified in Schedule 1.
- (f) For the purposes of this Standing Order a junior member shall be treated as being in residence until the end of the academical year in which he or she ceases to be in residence.

Extract from Schedule 1 fees and charges.

Charges for Religious Services

Fee for Wedding Services, or a Blessing of a Wedding Service,
